INSPECTION OF THE POLICE BY THE MAYOR. There was a formal inspection of the police force yesterday at one o'clock, in the Guardhouse, by Mayor Pillsbury. The force pre-sented a fine appearance, and elicited very complimentary remarks from the Mayor. THE RADICAL CITY RING.

vailable Strength of the "Ring" in Council - Collins Incorruptible - How to Repienish the City Treasury-The Scramble for City Offices -The Veritable State of the Union League.

It has leaked out that at a caucus of the anti-Pillsbury party in Council, a careful count of noses has shown their available strength to be exactly ten votes. The loyal and honorable ten, we hear, mean to retain their seats, and to parcel out the fattest city offices amongst themselves. The incorruptible Collins was offered the office of flour inspector, if he would consent to become the elevently member of the ring; but he has magnanimously declined the berth, preferring the posof "fugleman" to the "Old man," with the indefinite contingencies of the future.

The latest scheme for replenishing the city treasury is a proposition to hold tri-weekly meetings of the City Council at Hibernian Hall-admission twenty-five cents. It has also been suggested that the post band be engaged to enliven the interludes between the "scenes, on the principle, we suppose, that "music hath sharms to soothe the savage breast."

The scramble among the aspirants for office under the city government is terrific, and grows more furious hourly. Our Asmodeus reports that the following is the slate now under consideration by the Moguls of the Union League, and from which the party ticket is to be made up:

is to be made up:

For Clerk of Council—W. B. Etter, W. R. Mitchell, colored; H. H. D. Byron, W. H. Mishaw, colored, and F. H. Carmand, colored.

For Street Inspector—J. C. Lacoste, Ross Spriggs, S. J. Maxwell, colored; Joseph P. Howard, colored; J. H. Jenks, Charles Graves, Wm. Rollin, colored; T. J. Mackey.

For City Treasurer—General J. B. Dennis and J. H. Jenks (if he should fail to get the nomination as inspectors.)

For City Attorney—H. W. Schroder, E. B. Seabrook, Robert Tharin, C. C. Bowen and D. T. Corbin.

For City Recorder—Geo. A. Richmond.

For City Recorder—Geö. A. Richmond.
For City Sheriff—Squire Bunch.
For City Coroner—John G. Mackey.
For Assessor—William Dart, colored, and
Alderman L. F. Wall, colored.
For Tidal Drain Keeper—Joe Green, colored,
T. Smith, Alexander Williams.
For Chimney Contractors—Peter Ashe, colored, Lower Wards; W. T. Oliver, colored, and
J. T. Milligan, Upper Wards.
For Registrar—B. A. Bosemon, colored, M.
G. Camplim.

G. Camplin.

For Captain of Police—H. W. Hendricks,
Major Willoughby, C. B. Sigwald.

For Lieutenants—W. N. Taft, Ben Holloway,

EXPLOSIVE OILS .- Professor Chandler, the Analytical Chemist of the Metropolitan Board of Health, recently tested several specimens of so-called kerosene oil, which were purchased at various stores in New York City. Of sev. enteen samples not one was of the standard quality, and many were "highly dangerous." Seven of the number were not kerosene oil at all, but benzine or naptha, "the most dangerous portion of the natural petroleum." According to Professor Chandler it is impossible by any means to render benzine, gasoline and naptha non-explosive. He has no faith in "patent safety lamps," He pronounces them

wholly "unreliable."

THE SCHOOL OF THE REV. A. T. PORTER.—The Baltimore Gazette says: "The monthly report of the Pioneer Southern Educational Aid Society is certainly most creditable to the friends and supporters of the school in Charleston. Of the total expenditures for home and school, amounting together to \$1039 99, the sum of \$540 20 has been provided for in South Carolins. In addition to this, there was the further sum of \$864 27 paid in Unarleston, on account of old indebtedness, making the total pay ments provided for in the South, during the month, \$904 47. The balance drawn for on the scoiety is \$499.79, but little more than onethird of the whole amount. In other words, school and home, which were inaugurated about two years ago by Mr. Porter, and which were then charity schools, have been placed on an established footing, and are gradually be-

CEOPS IN FLORIDA. - A letter dated Archer. Alachus County, Fla., May 10, to a firm in this city, says : "Our crops are looking very badly. We have had a great deal of rain up to this time, and the weather has been cold. The caterpillar has already made its appearance in the cotton fields, and in some of my neighbors' fields they are now stripping the young plants of its leaves. Our only hopes now are that a spell of hot dry weather may destroy the worms. If the rain continues I think the crop will be eaten up by the first day of June."

Another letter dated Gainesville, Alachua County, Fla., May 10, to the same firm, says: "I regret to say that your information as to the presence of the caterpillar in our county is too true; they have already damaged many farms in the county, which is very alarming, so much so that many are offering to sell out their interest at a considerable saprifice; others are more hopeful and patiently awaiting the development of resiltles. It may be that the present crop of worms may disappear under the influence of the hot sun, and that the second crop will not appear. In such an event the damage will not be so fatal; but if the second crop does come in that formidable manner which usually characterizes their appearance, I see no redemption for our unfortunate county. Two previous short crops, and now a total annihilation, would be attended with fearful consequences. But it is best for us, perhaps, that we should not know our destiny in the future."

PROTECTION OF THE PROPERTY OF THE PARTY OF T

TO THE EDITOR OF THE NEWS. At this season, the good people of our cherished and once respected city have no show or thesire to amuse them, and they are compelled to spend their leisure moments as they can. The Honorable the City Council of Charleston, having the public welfare at heart, and not desiring office or emoluments, have kindly consented to give frequent public exhibitions, equal to any ragedy, comedy or farce; but as the area of the Council Chamber is limited, and in hot weather might be pungent and disagreeable to sensitive noses, we suggest the following as an additional and imperative rule for the future government of this sugust and dignified body:

RULE -Hereafter all meetings of this Council shall be held on 'the Citadel Green, where a pavilion will be erected by the good and loyal taxpayers, sufficiently spacious to admit all lovers of fun to purintellectual entertainments; and that as adjuncts, thereto, there will be a "prize ring" and "shooting gallery," and if the foolish "taxpayers" will only pay promptly, the amount intended to be assessed, there will be furnished a "grab bag," in which there are to be at least twelve prizes and no blanks.

BUSINESS NOTICES. Mns. Worron will give private instruction in

history and literature. See advertisement. WM. GURNEY has a large lot of butter, bacon and flour for sale on reasonable terms. See

time and place, as per advertisement.

GRAND OPENING OF DRY GOODS.—As will be seen by his advertisement in another column, Mr. T. McCarthy, the well known and success ful dry goods merchant, at the southeast corner of King and Wentworth-streets, continues to open daily new importations of fresh and elegant dry goods. Having taken particular pains to select handsome patterns and a firstrate quality of goods, especially to suit this market, Mr. McCarthy recommends his stock of dress goods, calicoes, white goods and cloths with the utmost confidence that he can give satisfaction. Some of his goods are marvels of cheapness, and under his present arrangement his stock is always kept full, fresh and cheap. All shoppers should give him call before buying elsewhere.
